Last Month Wettest On Record

Cool June Leaves 'Damp' May Behind

Eight inches of rain fell last month to make that May the wettest ever in the this area, according to records of county weather observer Edwin Copeland.

The average rainfall, over a 64-year period, stands at 3.43 inches. The second wettest month was 27 years ago in May, 1929 when 6.50 inches of rain was recorded. The least amount of rain fell in 1934 when .62 of an inch was noted.

Copeland describes last May as "one of the most backward months" on record, saying that some hay fields are good, others are poor. The early oats, however, are doing fine, according to Copeland, and wheat fields look promising.

The dogwood, which in 1955 bloomed the latter part of April, did not come into bloom this year until the last of May.

Last month, Copeland points out, was the fifth wettest month in the 65 years that the county weather station has been operated.

Garden Work Delayed

Farm plantings are delayed because of the soggy ground, fruit trees have matured slowly, and many home garden plots are not even started. Late apples may not even ripen, one orchardist declared.

There were five frosts last month. On May 10 the temperature dropped to 19 degrees. June has made an inauspicious cool beginning. The low reading last night, for example, was 39.

The warmest May on record was 1944 when the temperature averaged 65.6 degrees. May, 1924, was the coolest with a 51.7 degree mean reading.

The average temperature last month was 58.4 degrees, compared to 60 for the corresponding month.

Adlai, Kefauver Make Final Pleas For Coast Votes

California's Key Primary Election To Be Held Tuesday

By The Associated Press

Sen. Estes Kefauver and Adlai Stevenson plunged today into a last weekend of forced-draft campaigning before Tuesday's Democratic presidential primary in California.

Kefauver continued to bang away at Stevenson, accusing him of double talk on the civil rights question.

Stevenson—saying he is "not interested in dealing in personalities"—gave Kefauver only slight notice. Instead, he reserved his heaviest blows for the Republican Eisenhower administration.

With the California primary regarded as a possible make-or-break test, both rival candidates for the Democratic presidential nomination went all-out in hopes of pulling a big majority. The winner will get California's 68-vote delegation, after New York's the biggest at the party's national convention in August. This also will be the last direct contest before that convention.

Eisenhower Unopposed

President Eisenhower is unopposed on the Republican primary ballot in California. The state will send 70 delegates to the GOP nominating convention, also in August.

Friday, Vice President Nixon—virtually certain to be Eisenhower's running mate again—

Tito Says Red Nations Never Will Split Again

French Divisions Locked In Battle With Nationalists

Casualties High In Biggest Engagement Of Algerian Revolt

ALGIERS, Algeria (AP) — Two French divisions backed by jet divebombers battled furiously today to wipe out a big Algerian rebel force trapped in the "Gates of Iron" triangle of the desolate Biban Mountains.

The French claimed the rebels already have lost 400 men—290 dead and 110 taken prisoner—in the biggest single encounter of the 18-month-old Algerian uprising.

Military dispatches disclosed that the 19th Infantry Division had been thrown in to support the crack 27th Mechanized Division and to contain rebel units desperately striving to break out of encirclement.

Artillery and fighter-bomber planes blasted away at the rebels clinging to sun-baked crags within the triangle in eastern Algeria. The area lies southwest of Bougie and along the Soummam Valley where French settlers repeatedly have been hit by strong rebel raids.

The 7th Division launched its offensive Wednesday on the western edge of the triangle.

French officers said the division was performing "superbly." Originally it was trained on the NATO defense line in Germany to operate in small detachments under conditions of atomic warfare. The officers said this type of training has been found excellent for the fast moving hit-and-run engagements of the Algerian war.

The rebel triangle is besieged on the east by the 19th Infantry Division.

The French are making an all-out effort to dislodge the rebels from the mountain pass. If they take the area, they will command the southern rim of the disputed Soummam Valley on the outskirts of the rebel-held Grand Kayble.

In the Constantine area, French forces moved against a rebel group near Mila and reported they killed 30.

In Algiers, police raided the homes of known Communists and leaders of the National Algerian

ITINERANT CAVALCADE SET TO ROLL—The second Salem Sesquicentennial Itinerant Cavalcade gets ready to hit the road toward 18 cities and towns north and east of Salem to spread the word of Salem's 150th anniversary celebration. Lined up beside their cars are Sisters of the Swiss, in full costume. Other cars contained bearded Brothers of the Brush and pretty contestants for the title of Sesqui queen.

One hundred and thirty-two persons joined the motorcade today, which will travel 98 miles through the district. It left at 10 a.m. from Centennial Park and will return to Salem at 5:10 this afternoon. Mayor Dean Cranmer will greet the group on S. Broadway this afternoon, and the American Legion band which accompanied the group will play before the motorcade breaks up.

Yugoslav Chief In Moscow To Cement Ties

Shepilov, New Soviet Foreign Minister, Greets Him at Station

MOSCOW (AP)—President Tito of Yugoslavia said today he is sure there will never again be a split among Communist countries such as occurred when he broke with the Kremlin in 1948.

"The spirit of Lenin's principles of collective leadership are such that I am sure there will never again be misunderstandings among the nations of the socialist camp," he declared in a speech broadcast from Kievy Station.

Tito had just arrived in Moscow to patch up whatever differences remained between him and the new Soviet leaders. On the platform to greet him was Dmitri Shepilov, the new Soviet foreign minister and a friend of Tito. Shepilov's appointment to succeed V. M. Molotov was announced Friday night.

To Plicate Tito

The shift was widely regarded as an effort to plicate Tito, who has little love for Molotov. The latter was in the welcoming party today.

Prime Minister Nikolai Bulganin and Communist party boss Nikita S. Khrushchev were out in front as Tito stepped from his special train in the gaily decorated station. Bulganin and Khrushchev made a trip to Belgrade last year to patch up the split with Tito.

News that Shepilov, who had been editor of the Communist party newspaper Pravda since December 1952, was succeeding Molotov won a favorable reaction in Belgrade. Tito's ouster from the Cominform in 1948 was signed by Molotov and Stalin.

Over the platform was a giant banner reading "welcome" in Russian and Serbian as Tito stepped off the train. A crowd of children rushed forward and pelted Tito with flowers. The crowd in the station wildly cheered their leaders.

Hundreds of thousands lined the streets leading from the station to the Spiridonovka, where Tito will begin his stay in Moscow. Until Friday this was Molotov's official residence.

Molotov's departure from the foreign ministry post was announced in the form of a resignation. The Supreme Soviet Presidium gave a quick "yes."

The announcement said simply, "The Presidium of the Supreme Soviet has accepted the request of the first deputy chairman of the council of ministers, Vyacheslav M. Molotov, that he be relieved of his duties as foreign minister. Dmitri T. Shepilov has been appointed minister of foreign affairs."

Union Merger Talks Break Up

Ohio AFL, CIO Fail To Agree

CANTON, Ohio (AP)—Merger talks between the Ohio Federation of Labor and the Ohio CIO Council have broken off, according to letters mailed by CIO leaders to affiliated unions.

The letters, signed by Ray Ross, CIO council president, and John R. Rooney, secretary-treasurer, said the talks reached an impasse after two meetings "when state federation negotiators insisted upon the CIO negotiating team agreeing to certain proposals they had in mind on one or more key issues." The CIO leaders said the AFL demands were "entirely unacceptable."

The CIO's nine-member negotiating team was instructed by the council executive board to drop all discussions concerning the merger until the AFL "indicates it is willing to recede from its position," the letters said.

One issue in dispute was reported to be an AFL demand that it be granted the top two executive positions in the merged union. The CIO council argued that it had 482,000 members in Ohio compared to the AFL's 275,000.

Jurisdiction over maintenance men who perform some skilled trades in factories was said to be another issue on which the labor groups could not agree.

Sgt. McKeon Out Of Confinement

Awaits Trial For Death Of Marines

PARRIS ISLAND, S.C. (AP) — A Marine Corps drill instructor who took a recruit platoon on a disciplinary night march that resulted in the drowning of six young men has been released from confinement.

S. Sgt. Matthew B. McKeon, 31, is awaiting a court-martial at the Marine Corps Recruit Depot here. He is charged with manslaughter in the death of six recruits and with having been under the influence of liquor at the time.

The court-martial, originally scheduled for May 14, has been postponed until July 14.

McKeon had been in confinement since April 8, the night of the march.

A Marine Corps announcement Friday said McKeon's status was changed May 23 from "confinement awaiting court martial" to "restriction in lieu of arrest." No explanation was given about the delay in making the announcement.

His release was the result, the announcement said, of a request to the secretary of the Navy from his defense counsel, Emile Z. Beriman of New York.

Authorities said McKeon's restriction is liberal enough to permit him to go to his home in nearby Port Royal when not on duty. He has a wife and two small children.

McKeon was assigned duty in the Catholic chaplain's office after his release.

Jesse H. Jones, Financier, Dies

Built Huge Fortune With Little Education

HOUSTON (AP)—Jesse H. Jones, 82, a Tennessee farm boy who built one of the nation's largest fortunes despite only a fifth grade education, is dead.

The wartime secretary of Commerce and head of the Reconstruction Finance Corp., died Friday night.

His financial abilities had impressed three presidents under whom he had served, Woodrow Wilson, Herbert Hoover and Franklin D. Roosevelt.

As head of the RFC 13 years, Jones loaned over 50 billion dollars. As the No. 1 citizen of Houston, he built the skyline of the South's largest city, owning 35 buildings ranging up to 37 stories in height. He was publisher of the Houston Chronicle and owned three of the city's largest hotels.

In Washington, Secretary of Commerce Weeks said Jones was an outstanding example of a business statesman.

Sen. Lyndon Johnson (D-Tex.) said Jones caught the early vision of Texas, and that "he was part of it and of us." Former Texas Gov. W. P. Hobby, chairman of the board of the Houston Post, said Jones was "the No. 1 citizen of Houston and one of the greatest of Americans."

Molotov's Removal Seen Step To Strengthen Ties With Tito

WASHINGTON (AP)—The replacement of Soviet Foreign Minister Molotov was regarded in Washington today as a well-timed move by the Khrushchev-Bulganin regime to strengthen its ties with Marshal Tito of Yugoslavia.

Molotov's "resignation" announced in Moscow Friday, on the eve of Tito's arrival there, had long been expected in Washington and in other Western capitals.

The appointment of Dmitri Shepilov as his successor also came as no surprise. Shepilov, editor since 1952 of Pravda, the Communist party newspaper, had been a major subject of speculation for the job.

U.S. officials said there was no reason to think that the change would alter American relations with the Soviet Union.

Nor did they expect to make any difference at all in the major lines of Soviet foreign policy developed by Communist party boss Nikita Khrushchev and Premier Nikolai Bulganin.

Some authorities said privately that the switch from Molotov to the younger Shepilov could mean a more vigorous conduct of Soviet diplomacy. They said it could bring intensified efforts in the fields of international conferences, official visits between Russia and other countries and stepped-up activity in the Middle East and South Asia.

But the most immediate significance of the changeover was seen in Washington as involving further Russian efforts to repair the damage done by the Stalinist regime to Soviet-Yugoslav relations in 1948.

Stalinist pressures on Tito to knuckle under to Moscow at that time had caused the Yugoslav leader to revolt against Soviet

domination and develop an independent Communist position.

Bulganin and Khrushchev visited Tito last year in an effort to win him back. Now Tito is returning the visit and they have laid out the red carpet for him.

Molotov had been identified with

Recount In 500 Precincts Sought

CLEVELAND (AP) — Harry T. Marshall, Cleveland city councilman who lost the Republican nomination for attorney general by less than 4,000 votes, says he will ask for recounts in about 500 precincts in seven counties.

Marshall, defeated by William Saxbe of Mechanicsburg, said Friday he thinks there were "honest mistakes" in tallying votes in Summit, Montgomery, Clark, Butler, Scioto, Mahoning and Lorain counties.

Official figures released this week gave Saxbe 160,323 votes to 156,952 for Marshall.

Marshall asked for a recount Friday in 110 precincts in Summit County, and plans to seek recount of between 50 and 80 precincts each in the other counties.

He must post \$10 for each precinct in which he seeks a recount. If the recount shifts the vote 4 percent or more in his favor, or changes the result, he gets the money back.

Blood Goal Topped Here First Time

A total of 135 pints of blood was collected Friday when the Red Cross bloodmobile visited the city—the first time in the bloodmobile's 11 visits to the city that the goal of 125 pints was surpassed. It had never even been reached before.

One hundred eighty-five persons were scheduled to give blood during the day-long visit and 141 kept their appointments. Five "walk-ins" brought the total to 146. Eleven of these persons were refused for health or other reasons, bringing the total to 135.

What may have been an added incentive to donors this visit was the opportunity given them to cast 1,000 votes for their favorite candidate for sesqui queen. The plan was worked out through the cooperation of the Red Cross and the sesqui committee. Mrs. Dorothy Poly, a registered nurse employed at the City Hospital, originated the idea.

The chapter here is in arrears in its donations as compared with the number of pints of blood used at the city's two hospitals and by Salem patients at other hospitals.

The bloodmobile will visit Salem again on July 6.

Bishop Is Released On \$10,000 Bond

LISBON — Dallas Bishop, 38, former East Liverpool special policeman who was placed in county jail at noon Friday in lieu of \$10,000 bond—\$5,000 on each of two burglaries to which he pleaded guilty in April—was released this morning after he posted the bond.

Bishop appeared as a state's witness in the burglary trial of two East Liverpool Police officers Thursday, and crossed up the state by denying he had been with them in a burglary at the Berman Lumber Co. in East Liverpool.

Judge Joel H. Sharp ordered Bishop brought into court yesterday and increased his bond because Bishop had changed his story and because he testified that he had been threatened. His original bond was \$2,000, covering both counts. Bishop was placed in jail yesterday when he was unable to post bond.

Bible Words for Today

JAMES 4:17—"Whoever knows what is right to do and fails to do it, for him it is sin." (RSV)

Many of us tend to think of ourselves as being good and not doing what is evil, such as, we do not murder, we do not steal, we do not bear false witness, and etc. In other words, there is a tendency for us to consider ourselves good because we do not commit overt evil acts.

This verse helps to call to our minds that sin is not always in the form of acts of commission, but more frequently comes to us in acts of omission—of not ministering to those who need assistance, of not telling others about Christ, of not being a doer of His word but a hearer only.

Jesus in His model prayer that He gave His disciples instructed them to ask for forgiveness of their debts—obligations that they had not performed. (Matthew 6:12)

The Golden Rule is written "so whatever you wish that men would do for you, do so to them" (Matthew 7:12)

Confident Living

By NORMAN VINCENT FEALE

How To Handle A Handicap

I receive a great many letters a day and they contain all manner of fascinating human stories. Just recently, however, there came in the mail one of the most interesting I ever had.

"My letter will be a bit different from the ones you usually receive," it read. "I have everything to make life wonderful, good and beautiful. God and I are very personal friends. I can do all the things I love to do for others because of His blessed help. I have a fine, kind husband, a very beautiful daughter, and I also enjoy a host of wonderful friends. I sing, play the piano, and give talks of a devotional nature. I pray that I am a blessing to those who need a blessing. What more could anyone ask of life than this?"

"Incidentally, I am without sight."

A very different letter indeed! "Incidentally I am without sight!" Here is a woman who certainly knows how to handle a handicap. She seems actually to disregard it. She hasn't her thoughts fixed on the fact that she is blind. She does not concentrate on her difficulties nor complain about them. She does not dwell on the hazards of life, but rather upon the positive values. She fixes her thoughts on God and the welfare of others, overcomes her handicap, and so lives joyously.

FORTUNATELY, very few of us are born sightless or become blind. But all of us do grow older—and age seems a big handicap to many. Here is another letter from the pile on my desk, a letter showing how one man handles the age and retirement problem, which becomes such a difficult experience for some.

"I reached the retirement age of 65, and against my wishes, was compelled to retire by the bank I had been with for 24 years. I won't go into detail as to how I felt. This happened on a dismal and rainy night—it was walking through Rectory Street, and I never felt more depressed or useless in all my life.

"Suddenly, it happened! I had not prayed, but felt I was not alone. A voice within me said over and over again, 'God is good; God is good.' I immediately felt uplifted. Every drop of rain broke the puddles into tinselled lights. It was beautiful! I went home, greatly comforted, and have had the feeling ever since that I am looked after."

"ABOUT TWO WEEKS LATER I had a call from another bank asking me to organize a credit department for them. It, too, had the 65 year limit, but they have made an exception of me."

"I am now 69, and in good health. I am young, I know, because I feel the best is still ahead. . . . The good Lord is giving me the opportunity, the strength, and the courage to keep on."

"Here is expressed that same dauntless, positive spirit. 'I am young. . . because I feel the best is still ahead!' This man is not handicapped by his 69 years. He has fixed his mind on the Source of eternal youth.

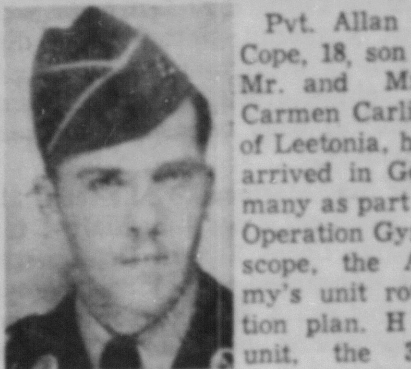

When a person really develops the ability to put his faith in God into actual practice, he can face any handicap at any time of his life and overcome it. I get letter after letter giving specific examples like these and therefore I am sure that such victorious living is possible, not only because I happen to believe in it, but because I can document it with innumerable case of

histories. I would like to hear from you about your victories over your handicaps.

THE POWER TO OVERCOME handicaps is God-power. It lies dormant within each of us until we call upon it, and each time we use this force it grows in strength. The Bible explains this inner power by the statement, "The Kingdom of God is within you." What is this "Kingdom of God"? It is the total of His riches, His power, His greatness, His goodness, His invincibility. All of these are the invaluable assets available to us in meeting life's difficulties. So why should we ever feel defeated? That spiritual power is in you, and by wise and proper use of it, you can overcome any handicap.

Okays Drafting Bills To Recoup Tax Refunds

COLUMBUS, Ohio (AP)—The Ohio Legislative Service Commission has approved the drafting of special session bills to recoup tax refunds and prevent future tax losses of nearly two million dollars annually.

The bills are designed to prevent local government loss of tax revenues knocked out by the courts.

U. S. and Ohio Supreme Courts recently held that federal securities owned by banks and financial institutions were exempt from state taxation. Officials said the decisions would cost Ohio about 41 million dollars in lost and rebated taxes dating back to 1940.

A special session of the legislature for June 28 has been called by Gov. Frank J. Lausche to deal with the problem. Lausche said the call would be expanded to permit changes in other laws so water could be sold to a 90-million-dollar General Motors plant proposed for the Youngstown-Warren area.

Senate Majority Leader C. Stanley Mechem (R-Athens) Friday asked the commission to approve the drafting of the bills. His resolution received commission approval.

Commission Chairman Roger Cloud, Ohio House speaker, said the bills would propose a general fund appropriation of \$3,700,000 and tax changes to recover the losses.

The state collects the taxes and turns them over to the counties, cities, villages and townships for operating purposes.

Cloud said court objections could be met by drafting laws to place the tax on the owners of shares and capital used by financial institutions. The courts indicated that Ohio laws were not specific on that point, Cloud said.

The commission's counsel reported that state tax officials planned to offer separate bills to make up the tax losses by increasing the levy on deposits of banks and financial institutions. That tax is separate from the levy knocked out by the courts, counsel said.

1,100 Idled At Plant By Strike

MOUNT VERNON, Ohio (AP)—The first serious labor dispute in 40 years at the Cooper-Bessemer Corp. plant here has idled 1,100 production workers.

Production was halted Friday when 350 molders and foundry workers went on strike after refusing to accept a contract approved by machinists at the plant.

The strike did not affect chemical or maintenance workers. Machinists, pattern workers and teamsters respected the molders' picket lines.

The corporation's Grove City, Pa., plant is not affected by the strike, a spokesman said.

Orian Williams of Columbus, district representative of the molders, said, "We are prepared to a long strike." He added that the union will have pickets on duty around-the-clock at the company's entrances.

The company said the union rejected its proposal to increase all hourly rates 5 1/2 per cent now and put into effect an additional six cents across the board raise June 1, 1957.

The union contends the strike involves pay raises and fringe benefits, but declined to discuss its wage and fringe benefit demands.

Observatory Gets Signals From Venus

COLUMBUS, Ohio (AP)—The director of Ohio State University's radio observatory has reported that several times during May the observatory received strong radio signals from the planet Venus.

Dr. John D. Kraus said Friday it was the first time the planet has been heard from. It is more than 27 million miles from earth.

Kraus said signals were observed on each occasion for a period of several hours. The signals consisted of crackling sounds somewhat similar to radio static from thunderstorms on earth, he added.

The signals may indicate similar storms on Venus, the scientist said. The plant often is called the earth's twin since it is nearly the same size and comes closer than any other planet.

The observations were made with a radio telescope.

Kraus said Venus is presently approaching earth at a speed of 500,000 miles per day, and in the evening is the brightest object in the western sky.

He said by June 22, Venus will reach its point of nearest approach, 27 million miles, and then start to recede.

he newly-discovered radio signals are being studied to learn more about atmospheric conditions surrounding Venus.

The planet is the second from which radio signals have been detected, Kraus said. Carnegie Institution of Washington, D. C., picked up radio noises from Jupiter last year.

East Liverpool Man Fined For Drunk Driving

Elmer A. Smith, 35, of East Liverpool, arrested by the State Highway Patrol for drunk driving, was fined \$150 and costs and sentenced to three days in jail today by Mayor Dean B. Cranmer.

Larry R. London, 21, of 384 W. 2nd St. was fined \$25 and costs for assault and battery. London was arrested by police at 11:30 p.m. Thursday, at his home on a warrant signed by his wife.

Others fined are: Gladys J. Baker, 39, of Warren, \$25 for no operator's license; Robert Lee Ament, 23, of Youngstown, \$10 for driving without lights; and James E. Lyman, 27, of Gold Hill, N.C., \$100 for hauling without Public Utilities Commission of Ohio authority.

TRIM LIST OF CANDIDATES

COLUMBUS, Ohio (AP)—The final list of candidates for state superintendent of public instruction has been trimmed from a field of 100 to five or six, it was announced Friday.

Charlton Myers of Marion, chairman of the state board of education's candidate screening committee, said a list of five or six names will be submitted to the 23 board members next week.

He said candidates names will be announced Monday. The board is expected to select a superintendent at its next meeting, June 11. The post pays \$20,000 annually.

Grave Digger Identifies Body As His Brother

NORTH BRUNSWICK, N.J. (AP)—A 45-year-old man about to go to his grave unknown was identified Friday by a cemetery worker—the dead man's brother.

William Jaqui, Middlesex County coroner, told this story.

Albert Louis Zaabadick, the cemetery worker, was preparing the grave for an unidentified man who had drowned accidentally in a shallow brook Thursday.

Jaqui, who had gone to the Van Liew Cemetery to arrange for the burial, began describing the dead man's clothes to Zaabadick and another caretaker.

The cemetery worker said the description fitted the clothes belonging to his brother, Joseph, 45. The coroner then took the cemetery worker to the morgue where he identified the dead man's clothes. Subsequent fingerprinting made the identification positive.

PROPOSE JUVENILE COURT

DAYTON, Ohio (AP)—The Dayton Bar Assn. will present a plan to county commissioners within two weeks that may provide a \$1,600,000 juvenile court and detention home for Dayton and Montgomery County. The plan calls for private funds to be used.

Failure of bond issue proposals the last 10 years has prevented construction of the juvenile center.

Under the plan, a bar association spokesman said, land would be leased from the county and the building would be built by a non-profit corporation under bar association guidance. Tax free bonds would be used to finance the project, he said.

Congratulations to all young people who are graduating this year! Receiving a diploma means you have fulfilled the academic requirements and met the standards of conduct of your schools. They, in turn, have given you a secure world for four years, with work and rules of conduct mapped out for you.

Now all this is changed in a day. The anchor has suddenly pulled up, and the world ahead looks insecure and uncertain. You now have to plan your own work, and set your own standards of behavior.

At this point, a church connection is a strong anchor to spiritual security. Let your Commencement mean a commencement of regular church attendance in the church you choose. Face the new world ahead armed with its firm hope and faith.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The Money Will Be Easy

The easiest thing about a federal highway program, as is true of most federal programs, will be the taxation to pay for it.

The money will be there, piled up in heaps, when the politicians, lobbyists, planners, designers and legalists need it.

In federal projects, the thing that is hardest to do in local projects — get the money — can be done without delay. But from that point on, federal projects are subject to the same confusion as all other projects, only more so.

There will be a brace of bureaucrats shuffling paper for every working stiff on the handle of a jackhammer and a foursome of clerks and calculators for every bulldozer operator.

Judged by the time it will take to get a decision out of Washington, the capital of the United States will be a thousand miles inland from the Ross ice shelf at the South Pole.

Moreover, by the time the money has been squeezed and manipulated by all the patriots who will be trying to improve the lot of mankind, starting with themselves and their clients, it will be only a shadow of itself.

These will be the things to remember at the outset of a great, big, new, supercolossal federal highway program, lest the idea get started that it is going to be different from anything ever witnessed before.

It will be the same thing that always has been witnessed before, only on a larger scale. The idea of beefing up highway building with an extra shot of federal funds is fine, but there also will be an extra shot of bureaucratic confusion and procrastination. There always has been.

Second Great Love of 1936

With a rash of business mergers giving rise to the fear that a few giant corporations may control the bulk of business, the small businessman will be second only to the farmer as the most-wooded voter this election year.

Almost daily, congressmen take the floor to profess their undying concern for the small businessman. The importance that the national committee of the Democratic party attaches to the small business voter is indicated by the formation of a special advisory group on small business to shape campaign policy.

Republicans are striving, through the Small Business Administration and the antitrust activities of the Justice Department to make a record that will bind the small businessman more firmly to them.

What makes small business loom so large?

Forbes, a magazine of business, presents statistics gathered by the federal government which reveal that close to one fourth of all corporations today have less than five employees; nearly 75 per cent employ fewer than 20 and taking into account all firms, including unincorporated companies, partnerships, etc., 75 per cent have less than four workers and only about two per cent employ more than 50.

The statistics further reveal that while in 1900 there were only 21 business enterprises in the United States for every thousand people, in 1930 there were 26.4 per thousand.

No wonder politicians love the small business men. There are so many of them!

Eisenhower To Twining

The question of whether or not exchanges of military visitors between the United States and the Soviet Union are good international psychology has been raised by many thoughtful persons.

They contend that whatever Gen. Nathan F. Twining may learn in Russia as chief of the U.S. Air Force on his visit this summer cannot offset the damage he will do to people under Soviet domination who are hoping for liberation.

They believe that everything the United States does which strengthens the prestige of the Communist dictatorship in Russia dims the hopes of those who think of the United States as the champion of their ultimate release from dictatorship.

This is a difficult matter to decide, although it has been decided by the Eisenhower administration that more, not fewer, contacts with the Soviet Union are desirable. The meeting at Geneva last summer marked the beginning of a more outgoing attitude in diplomacy. The Twining visit this summer, which may prove to be the trail blazer for other military visits back and forth, will further advance President Eisenhower's theory that the relationship between himself and Marshal Zhukov during and after World War II did much good and no harm.

Now that U.S. tourists are going to Russia and Russian tourists are coming here, there is no way to turn back the clock to the time when the United States had no even given the Soviet Union diplomatic recognition. The damage was done 22 years ago, when Maxim Litvinov persuaded Franklin D. Roosevelt that the United States could not put his government out of existence by refusing to recognize it.

Religion At Work

By EUGENE CARR

Occasionally, we hear someone say, "What good does it do for one man to try to change things? One man can't do much when it comes to this business of applying the principles of a religious faith to the situations he encounters in everyday life!"

For an answer, let's look first at what happens in a large convention group or public gathering when the single match test is used to prove the importance of the individual. No doubt, you have been a part of this test at one time or another.

All lights are turned down until the gathering place is in total darkness. Then each person present is asked to take a match from his pocket and hold it until the signal is given to strike it. On the appointed signal, each individual strikes his match, and the whole place lights up as bright as it has ever been.

It is true, one match alone does not make much dent on the darkness. But, by the same token, each match that isn't struck diminishes the amount of light produced. Each individual, the light he can throw, large or small, is important to the overall result.

We do not hesitate to apply this principle to other phases of our lives every day. We believe in the importance of the individual doing his bit, accepting his share of responsibility, in his job, in his home and family life, on the playing field, and in civic and community endeavors.

We do not say, "What good will it do for me to do a good job? There are others where I work who don't seem to care!" We do not give up trying to make our children into fine citizens, simply because other families neglect this obligation. A great baseball pitcher on an otherwise ordinary team continues to pitch his heart out to win. Important elections have been won because one more voter in each precinct decided it was worth while to go to the polls and cast a vote.

The individual and his personal influence are essential in every facet of life and living. He need not feel that it is up to him to set the entire world on fire. He need only to light up the little area around him. Then, with the example he has set, others follow, and a whole city, state, or nation takes on a new brilliance.

A pilot light is a very small flame, but without it we are helpless in igniting the larger fire that generates power and warmth and influence as we seek a sense of security and well being.

Each of us can be a pilot light, capable of setting off a combustion that can change the life of a friend, neighbor, or fellow worker, and, thereby, add to the sum total of good in the world.

Iron-Clad Agreements

By JOHN HIGHTOWER

WASHINGTON (AP) — State Department officials said today the breakdown of arms import curbs in Korea proves the need for an iron-clad inspection system in any global disarmament program.

The issue of inspection safeguards — to make certain that arms reduction pledges would not be secretly broken — has proved a major stumbling block in Russian-Western negotiations over arms control for years.

The United States and its Korean allies Thursday again accused the Communists in divided Korea of violating the armistice agreement which ended the Korean War three years ago.

Demand Reds Withdraw

The violations charged formed the basis for a demand that the Communists must withdraw their members of the Neutral Nations Supervisory Commission back into a neutral zone between North and South Korea in a week.

The Communists reportedly replied that the United States and its allies are trying to wreck the armistice.

However, officials here said they expect the Reds will comply with the demand under protest.

The effect would be to halt operations in South Korea by commission members from Communist Poland and Czechoslovakia. The other two member nations, Sweden and Switzerland, have agreed with the United States and South Korea that Red violations and obstructions had rendered the commission useless.

Authorities here said that barring some unexpectedly hostile actions by the Chinese or North Korean Communists the main truce agreement would not be affected.

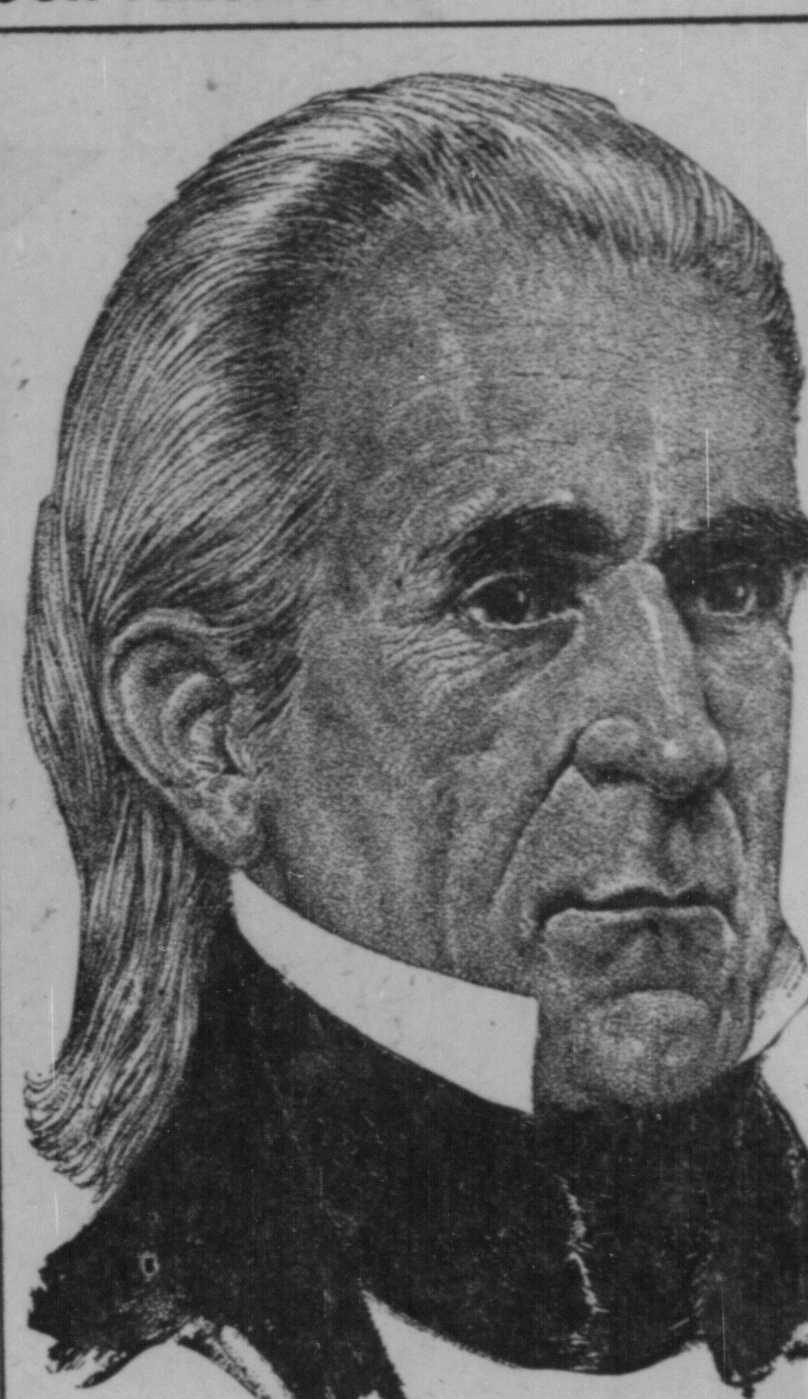

Implications Far Broader

But the implications are far broader than Korea.

For in the view of many Western officials the Korean truce was a limited practical test of one kind of arms control inspection system.

In Korea, it was agreed between the Communist and U.N. commands that weapons would be introduced into North and South Korea after the fighting stopped only as replacements for weapons which were worn out or removed.

OUR PRESIDENTS

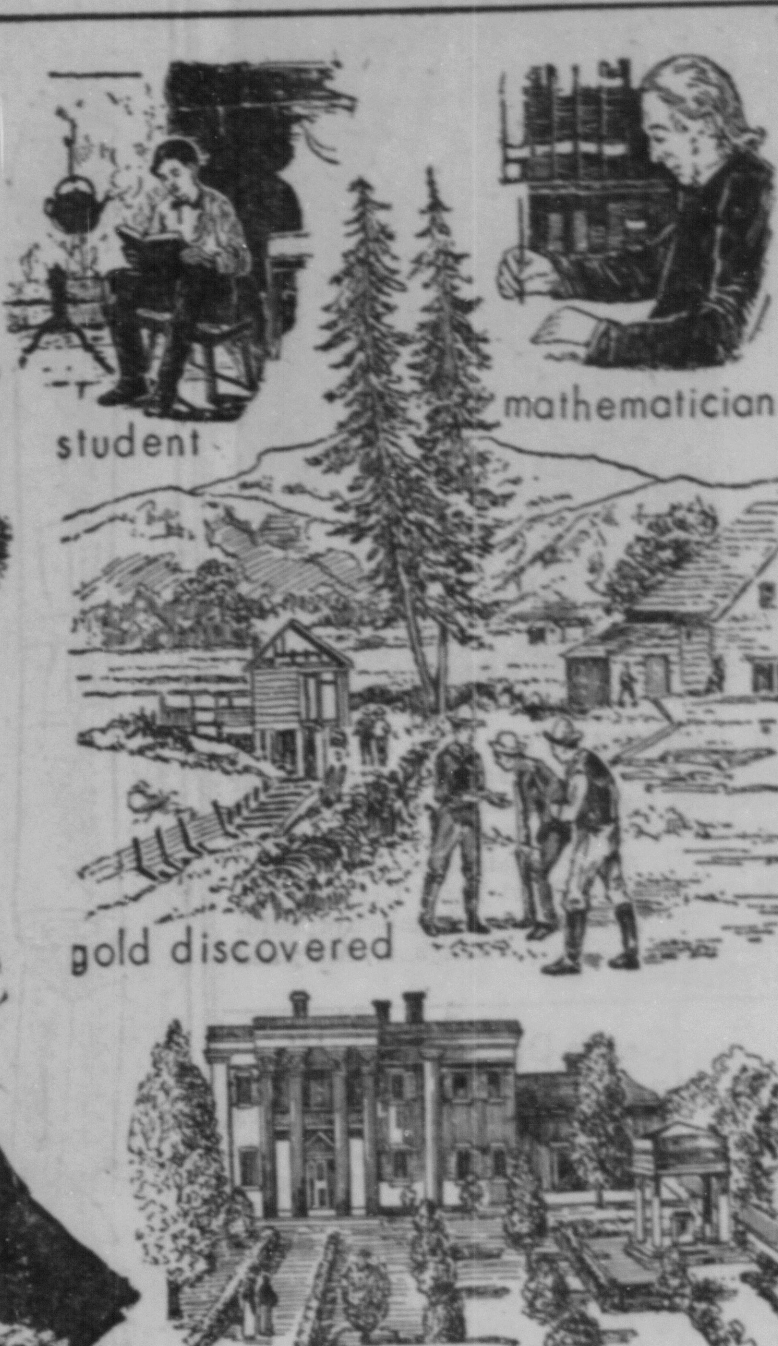

JAMES KNOX POLK

Born November 2, 1795, near Little Sugar Creek, North Carolina. A few years later his father, a farmer of ordinary means, moved the family to Tennessee.

Ambitious to be a teacher, he took his first job as a clerk in a country store and his efforts at self-education prompted his father to send him to the University of North Carolina, where he graduated in 1818. He was a brilliant student in mathematics and classics; delivered the class salutatory oration in Latin. Favorite pastimes were reading and study.

Entered a law office at Nashville, and was admitted to the bar in two years. For three years he was a country lawyer in his boyhood town, Columbia, Tennessee. At 28, he was elected a member of the Tennessee Legislature. At 30, member of Congress, serving continuously for 14 years, and was Speaker of the House. At 44, Governor of Tennessee.

Following two defeats for re-election as Governor, he was nominated by the Democrats for the Presi-

by Patrick and Vinmont

dency in 1844. Comparatively unknown and unthought-of twenty-four hours before, he became the first Presidential "dark horse" candidate. His firm stand on the Texas and Oregon questions gained the nomination for him.

Inaugurated eleventh President of the United States March 4, 1845. He declined to run a second term. During his administration disputes arising from the annexation of Texas were settled; California, New Mexico, and adjoining areas were ceded to the U. S. as a result of the Mexican War; and territory in the Northwest confirmed by the Oregon settlement. More square miles were added to the Union than in any administration except Jefferson's, and the power of the Monroe Doctrine was firmly established. The westward rush started with the discovery of gold in California.

Broken by the heavy labor of his term, he retired to his home in Nashville, where he died only three months later, June 15, 1849, aged 53.

Going To Grass

By TRUMAN TWILL

Among the snarling complaints being heard about incessant rain this spring, no one seems to have a word to say about the grass.

This part of the country is closer to going to grass than it ever has been before. Every grass seed that has lain dormant in the ground since the beginning of the century has been watered into germination.

If the same rate of activity keeps up for another month—and June is just the month that could do it—this part of the country will be a vast grassy bog. There will be a new Everglades, and the roar of the male alligator will be as commonplace as the lowing of cattle and the beeping of auto horns were in the old dry days.

There will be expeditions from abroad to probe into the mysteries of the American "rain forests" with the most advanced motorized equipment, featuring specially-designed rafts with outboard motors. Here and there, on high ground, they will find what once was a flourishing civilization but was turned into bayou country by an accident of nature.

Every house will have its own boat. The survivors, by and large, will be the foresighted people who owned boats when the water began to come down. These 20th century Noahs will be the lords of creation, what's left of it.

Frog men will be the highest-paid of all special crafts. The vast industrial complex that came to a head in Detroit will have quit making automobiles and will have been converted to amphibian vehicles like those used in landings on Pacific atolls in World War II.

And everywhere that is not covered permanently by high water there will be grass. The civilized gesture of keeping it shorn and trimmed with mowing implements will long since have been abandoned.

There will be nothing but mushy trails made through the oceans of greenery by the padding of barefoot natives going and coming. Only the tips of their umbrellas will be visible above the seed tops. Sinus complaints will have ceased to be a badge of distinction and will be, instead, a way of life, like the endless snuffling of the Eskimos in their adverse climate.

Water moccasins and black snakes will be common pests. Water lilies will take the place of the ubiquitous dandelion. Houseboats will replace auto-drawn houses on wheels, and water buffalo will take the place of dairy herds.

Rice paddies will replace wheat fields, and gondolas will be popular instead of hot rods. And everywhere will be grass, grass, grass. . .

Subterfuge In Korea

By DAVID LAWRENCE

Communist Co-Existence Stripped Of Shan.

The sham of "peaceful co-existence" has been revealed.

The Korean armistice agreement has been torn to shreds by the Communists.

Yet Moscow, which supplies ammunition and aircraft to the Communist armies in North Korea, still hopes to deceive the free world with the idea that the Kremlin has only peaceful intentions toward the other members of the United Nations.

A formal announcement, made by the United Nations command at Panmunjom, has just been given out here at the Department of State. It says that, although the armistice agreement has been in effect for three years, there has been a "notable and persistent failure" of the armistice arrangements.

Specifically, the announcement, made on behalf of the 16 nations which fought the aggressors in Korea, states that inspections have been frustrated and airfields have been built in North Korea in violation of the armistice. The statement says:

"The failure of your side to report introductions of combat aircraft is particularly conspicuous, since your side now maintains in North Korea between 400 and 500 such aircraft, more than half of which are jet fighters or bombers, whereas you had none in that area at the time the armistice agreement was signed."

THIS IS but one of many infractions of the armistice. The whole spirit and letter of the agreement has been disregarded by the Communists because they do not allow the neutral inspection teams to operate in the north while the U.N. has permitted the Communist teams to go anywhere in South Korea.

This is a striking example of bad faith. It is a demonstration of how little credence can be put into even the written word of the Kremlin and its allies, to say nothing of the many oral pronouncements of piety and peacefulness that come through the radio and the press almost daily.

The U.N. announcement deals unequivocally with a disturbing situation. The President has yielded to the pleas of some of the "peaceful co-existence" advocates by letting Gen. Twining, chief of staff of the U.S. Air Force, go to Moscow for the air show there. The whole purpose on the part of the Soviets is to build respectability.

IT MEANS a good deal internally when the gangster government in Moscow gets the benefit of American and British participation in high diplomatic and military conferences—the Russian people are led to believe America approves of the totalitarian regime.

All of this tends to give the people behind the Iron Curtain the idea that the Moscow government stands high in the world and that the free nations are ready and prepared to welcome the Soviet rulers in further conferences and negotiations.

Meanwhile, the enslaved peoples, and particularly the underground organizations which are striving to keep burning the spark that must ultimately be inflamed if revolt is to occur, are beginning to wonder if there is a deliberate plot afoot in Washington to discourage and frustrate their efforts.

The Korean armistice episode comes, therefore, as a timely warning to those who have begun to fall for the deceptive propaganda of the Soviets.

REUBEN ROBERTSON, deputy secretary of defense, who has just returned here from a 25-day inspection trip to the Far East and who visited Korea recently, says: "The build-up of weapons and air strips by the Communists in North Korea is very disturbing. It is in violation of the armistice. There is need for a different situation than now exists. It must be solved within the next year."

American troops stand guard in Korea. They can be attacked at any moment if the Communists choose to provoke an engagement and blame it on the other side. It is a delicate situation that will not be solved by further appeasement of the Communists, either in Peking or in Moscow.

THE NET EFFECT now of the announcement by the U.N. is a suspension of inspection privileges hitherto given in South Korean territory to the so-called "neutral" teams—those of the Communist stooges, Poland and Czechoslovakia.

But on the world stage, broadly speaking, how can the Soviet Union continue to talk of "peace" when it aids an aggressor to violate a signed military agreement? Small wonder that "peaceful co-existence" is losing its appeal as a slogan of sincerity. For it is rapidly proving to be a sample of insincerity.

Once Over

By H. I. PHILLIPS

Ah, Those Spanish Dishes

Visitors to New York are astounded at skyline and area changes. It is as if giants played tennis with the buildings overnight, knocking down small one and setting up bigger ones in the twinkling of an eye. Columbus Circle, famed to tourists, has already undergone terrific changes and the city's explosive park commissioner, Bob Moses, has returned from a vacation in Spain with a plan to boot 18 blocks off the map and work a breath-taking scenic change north of Christopher's statue.

Bob Moses is an Aladdin who throws the wonderful lamp at critics. He is probably the most colorful commissioner on earth, and the color is that of a Paine's Fireworks Display.

HE IS A GENIUS at planning and a wizard at getting things done but he blows his stack easily. "Why does a chicken cross the street?" has many answers, but nobody has come up with a good reply to "Why does a taxpayer cross Moses, unless he is wearing football equipment?"

His vacation in Spain left him so refreshed he took on everybody before he was off the boat. He floored 18 city blocks, 650 buildings, 6,000 families, Fannie Hurst, childless women and all lovers of Central Park trees. Never has an ocean voyage spread so much temporary devastation.

Some people say it just goes to show what those hot Spanish restaurant dishes do.

BUT IT WAS just an illustration of what Mr. Moses can do when he is refreshed, impatient and annoyed all at one time. He sees big, thinks big and plays big . . . up to the point where a critic cries, "Hold everything!" or "Let's look into this."

When criticized he will let go at anybody. Women and children can come first if he is working under a full head of steam. Just before sailing for Spain, Mr. Moses was assailed by the womenfolk for cutting down trees in Central Park to afford a larger parking area for a restaurant. His first words on his return were, "I don't want to give the impression I am impatient." This from Robert caused everybody to take cover and await the blast, chanting, "When the Redhot Bobbie Comes Pop-Bop-Bopping Along."

Fannie Hurst and childless women critics took the full fury, after which he said, "I have so many big projects I don't have time to argue about cutting down six park trees." Logic and precision-shooting seemed lost, as the fiery commissioner failed to realize that a single tree in a city park can be of major importance, giving more beauty and comfort to some people than a dozen parking lots or 18 rebuilt city blocks.

HE SEEMED to be revising the line in a famous poem to read, "Only Bob can make or break a tree." But it was all exciting and served to heat up a cold spring. Two weeks in Spain must be wonderful. With three Bob might tear down Radio City, rebuild Manhattan Island, bar Fannie Hurst from the Mall and put every tree on probation.

Frank Merriwell, spotless hero to the kids of a former generation, is to be featured in the movies and on TV. . . Our bet is that he will never be recognizable. . . He stood for clean fighting, good sportsmanship and fair play under all conditions, but in Hollywood's standardized patterns he will be required to join the heroes who take a dozen punches to do the work of one, employ the jagged bottle for extra brutalities and never consider a foe vanquished until he has been beaten to a pulp and left under the overturned saloon piano.

Race Relations Developments May Become Campaign Fuel

WASHINGTON (AP) — Some of President Eisenhower's supporters were told today that developments in race relations should be used as "major ammunition" among Negroes in the election campaign.

Richard L. Tobin, public relations director for National Citizens for Eisenhower, made the suggestion in a talk prepared for the concluding session of the group's three-day campaign conference.

Tobin, on leave from the New York Herald Tribune to handle the public relations post, told the delegates: "In the context of Supreme Court decisions under a chief justice appointed by President Eisenhower, decisions as historic as the Emancipation Proclamation of Lincoln, we have a wonderful story to tell, and it is my opinion that it has not yet been told sufficiently well to the average Negro voter."

Vice President Nixon stirred a controversy with a somewhat similar statement in a New York speech Feb. 13 when, in listing the Eisenhower administration's actions against segregation, he said:

"And, speaking for a unanimous Supreme Court, a great Republican chief justice, Earl Warren, has ordered an end to racial segregation in the nation's public schools."

Some Democrats accused the vice president of seeking to drag the Supreme Court into party politics. Eisenhower — though he voiced no criticism of Nixon — said he himself regarded the past political affiliation of high court judges as meaningless.

Tobin said pro-segregation Democrats take over key committees of Congress when their party has a majority, and he declared:

"We must tell this message to every Negro—that he has a vested interest in the election of a Republican House and a Republican Senate."

"This is not simply academic but one of many specific points that the public relations and publicity department of National Citizens for Eisenhower will, with your help, use as major ammunition in the forthcoming campaign."

Tobin said also that if only 5 or 10 per cent of Negro voters could be persuaded to switch their votes from the Democratic to the Republican ticket Eisenhower and a GOP Congress "would almost certainly be elected under present circumstances."

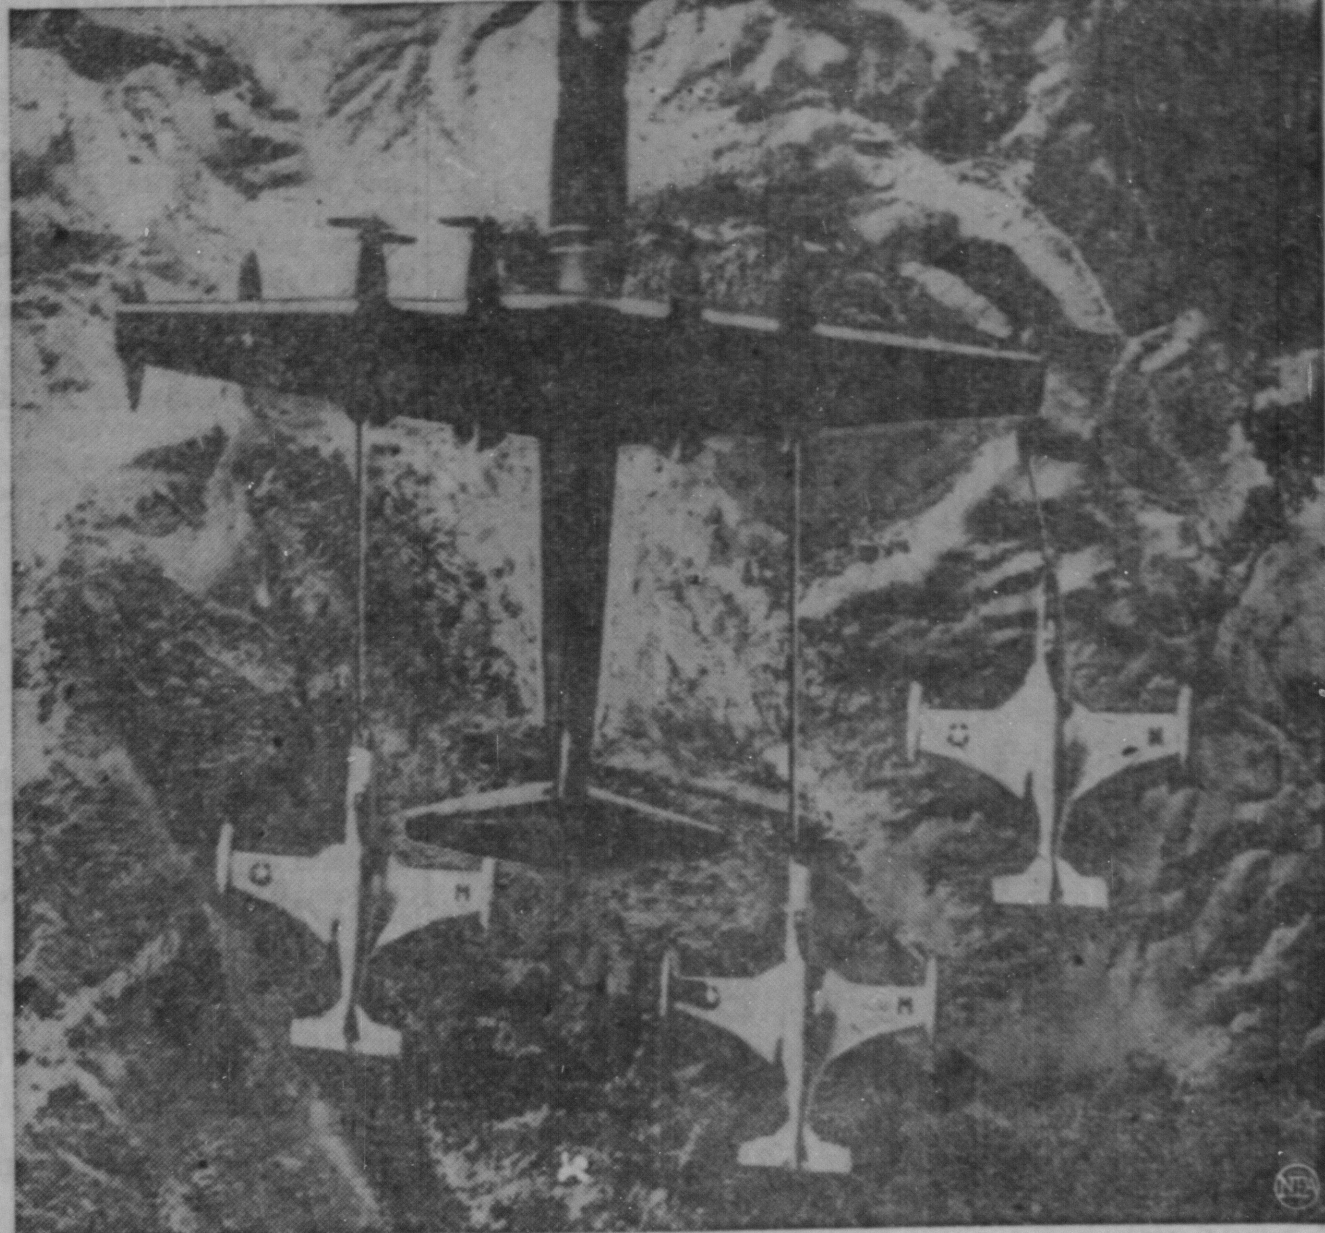

Keller, Equizi Tell of Talks On TV Show

Dave Keller and George Equizi, back from New York where they appeared on the Steve Allen "Tonight" television show, last night related their experiences at the show to the Sesquicentennial steering committee last night.

The two were sent to the show to publicize Salem's Sesqui, June 9-16.

Keller said that as they tried to get into the show with a box of souvenirs to give to Allen, they were told they would have to leave the things outside. Television personnel explained that the souvenirs should have been sent in advance, since their contract required that a union member carry them to the stage.

Since no union man was there,

around to carry the souvenirs, they were left outside the auditorium.

Keller and Equizi had prepared a five to seven minute talk which they planned to use while on stage.

However, there was some delay before they were due to go on and they were notified just 15 seconds before they went on to "keep it short" about 30 seconds.

So the two had just 15 seconds to change their plans from several minutes of talk to 30 seconds. They presented Skitch Henderson and Allen with badges.

They had the extra badges in their pockets, so didn't have to leave them outside.

They later learned from the program timetable that they had been scheduled from 12:33 until 12:42, about nine minutes of time.

Part of the delay was believed to have come because stage attendants were hunting for a plaque backstage which they thought was to be presented to Henderson.

They had assumed the plaque had been sent beforehand, but actually no plaque was involved in the Salem men's appearance.

Keller and Equizi gave Allen souvenir hats, a trivet, plate and mug after the show.

Miss Dorothea Emily Wright Bride Of Clarence E. Bowman

Miss Dorothea Emily Wright and Clarence E. Bowman exchanged their marriage vows at 7:30 p.m. May 19 before the altar of the First Presbyterian Church.

Miss Wright is the daughter of Mr. and Mrs. Clarence W. Wright of 908 S. Union Ave., and Mr. Bowman is the son of Mr. and Mrs. Clarence Bowman of RD 2, Columbiana.

The altar was decorated with palms, ferns, candelabra and bouquets of flowers before which Rev. A. Laten Carter performed the double ring ceremony. White satin bows marked the pews.

Mrs. Evelyn Dow of Westville was organist and accompanied Mrs. Kenneth McNeal who sang "I Love Thee, At Dawning, Always, Because, Melody of Love, Oh Promise Me, I Love You Truly and the Lord's Prayer as the couple knelt at the altar.

Given in marriage by her father, the bride wore a gown of white embroidered chantilly lace over bridal satin. The bodice was fashioned with a scoop neckline and

Mrs. Clarence E. Bowman

long sleeves. The full length hoop skirt was decorated with ruffles down the back.

Her fingertip veil fell from a pearl coronation crown. She carried a white Bible topped with a white orchid, staphenotis and satin streamers. She wore a single strand of pearls.

Floor length gowns of embroidered organza over net and taffeta, fashioned with square necklines and hoop skirts, were worn by the bride's attendants.

Mrs. William Schwartz, of RD 2, Salem was matron of honor and appeared in orchid. The bridesmaids, Miss Carrie McFeely and Miss Pat Ranson, both of Salem wore mint green while Miss Judy Bowman of Columbiana, sister of the bridegroom, wore orchid.

They wore short veils attached to coronation crowns, and pearl chokers, gifts of the bride. They carried baskets of spring flowers.

Bonnie Bowman, sister of the bridegroom, was the flower girl. She wore an orchid gown identical with those worn by the attendants and a matching coronation crown. She carried a small basket of flowers and wore a gold cross and bracelet, gifts from the bride.

Bonnie's twin brother, Ronnie Bowman, served as ring bearer. Lee Althouse of Damascus Road served Mrs. Bowman as best man. The ushers were Eugene Stallsmith, Charles Metz, Carson McNeely, Kenneth McNeal and Richard Mix, all of Salem.

For her daughter's wedding, Mrs. Wright wore a dusty rose lace dress with black accessories. Mrs. Bowman appeared in a blue lace dress with black accessories. Orchid corsages complemented their ensembles.

Three hundred guests from Salem, Columbiana, Canton, Massillon, Lisbon, Leetonia, Winona, Hanoverton, East Palestine, New Waterford, Washingtonville, Westville, Damascus, Alliance, Sebring, Beiloi, Greenford, North Benton, Canfield, Deerfield, Berlin Center, Collins and Youngstown attended the reception in the church social rooms.

Pink carnations encircled the five tiered wedding cake which was topped with a miniature bride and groom. Pink tapers in a silver candelabra completed the bride's table.

Hostesses were Mrs. Harold Oaks of Columbiana, Mrs. Mike Owens of Salem, Miss Judy Padure of Canton, Miss Barbara Gray of Lisbon, Mrs. William Rosche of Canton and Miss Barbara Whitacre of Salem. Mrs. Carl McCartney of Salem registered the guests.

A 1955 graduate of Salem High School, the bride is employed as a blueprint clerk by the Youngstown Kitchens Division of American Standard Corp. The bridegroom is a 1953 graduate of Goshen High School and is employed by the Northeast Ohio Poultry Association.

For her honeymoon trip, Mrs. Bowman and the southern states. Mrs. Bowman wore a beige embroidered coat with matching sheath, orange accessories and the orchid from her bridal bouquet.

The couple will reside temporarily at the home of the bride's parents.

Mr. and Mrs. Bowman entertained the wedding party at a rehearsal dinner at Heck's Restaurant. The bride and groom presented gifts to their attendants.

Baby Shower Held For Mrs. Crookston

A baby shower was held recently for Mrs. Bill Crookston at the home of Mrs. Carl McCartney Jr. of 435 N. Ellsworth Ave.

The 18 guests enjoyed games, and prizes were won by Dorothy Weingart, Mary Dole and Margaret Detimore.

Favors were mint cups in the shape of folded diapers. The centerpiece on the refreshment table was a balancing scale with a pair of blue booties on one side and a pair of pink booties on the other side. Pink and blue candles lighted the setting.

The hostess served refreshments with the assistance of her mother, Mrs. Willard Headland Sr., and Mrs. Willard Headland Jr.

32nd Whooping Crane Born Friday In Zoo

NEW ORLEANS (AP)—A tiny bird who doesn't like to rush things today became North America's whooping crane No. 32.

After almost two days of pecking, the whooper finally popped out of its egg early this morning. Its brother or sister, whooping crane No. 31, only took four hours to crack through the shell Tuesday. The usual pecking period for new born cranes is 14 hours.

The parents, Josephine and Crip, are the only whooping cranes in captivity.

They and 28 other cranes, who usually winter at the Arkansas range in Texas, were the only whoopers known to exist before No. 31 became the first ever hatched in a zoo.

The whooping crane, tallest bird in North America, is approaching extinction because it provides a huge target for hunters and does not reproduce easily.

SUE PIKE COMMISSION

COLUMBUS, Ohio (AP)—Two contractors, Terry and Wright, Inc., Louisville, Ky., and Calumet Paving Co., Zionville, Ind., have filed suit in Franklin County Common Pleas court asking \$870,342.29 from the Ohio Turnpike Commission.

The contractors charged Friday that the commission held up money due them unless the firms signed full releases.

Area Jet Base Housing Contracts To Be Let

Lt. Ronald D. Pacciana, purchasing and contracting officer of the 79th Fighter Group at the Youngstown Municipal Airport, has announced that contracts for the jet base housing project will be let this fall.

A \$70,000 architectural contract has already been awarded to Robert A. Little and Associates of Cleveland for this 250-unit Capehart family housing project. The units will be located just north of the air base. Included in the construction will be over a mile of sewage lines.

Any contractor or supplier who wishes to be placed on the bidders list for the base may do so by contacting the purchasing and contracting office.

3 Top Business Leaders Got \$700,000 Each In Pay In '55

NEW YORK — Three top business leaders—President Harlow H. Curtice and Chairman Albert Bradley of General Motors, and Chairman Eugene R. Grace of Bethlehem Steel Corp.—received compensation before taxes of more than \$700,000 each last year, Business Week magazine said today.

Business Week said that it was the first time that the highest executive pay went over the \$700,000 mark since the publication started keeping score on top officers of major corporations in 1950.

The magazine carries a tabulation of 1955 executive pay compiled from company reports submitted to the Securities and Exchange Commission.

"Out of 132 reporting companies covering 39 industrial categories," it said, "76 companies granted significant increases against 15 substantial declines."

Biggest pay hikes were in the auto and steel industries, both of which had record production years.

"Of course," said business week, "when you deduct what Uncle Sam gets in taxes, the amount the executives take home is a small percentage of the total. For instance, out of \$776,400 that Curtice received, he was able to keep \$121,328, according to a General Motors estimate."

Grace compensation was given as \$705,923, and Bradley's \$701,525. Proctor & Gamble Co. for the first time lifted its highest paid officer, President Neil H. McElroy, above the \$300,000 mark, according to the article.

It said seven more companies for the first time paid their top man more than \$200,000. They were International Harvester, Monsanto Chemical, General Foods, Standard Oil of Calif., F.W. Woolworth, Jones & Laughlin and Youngstown Sheet & Tube.

L. L. Colbert, president of Chrysler Corp., got the biggest individual increase, said the article.

"In 1954," it said, "Colbert got straight salary without bonus of \$250,900. Last year Chrysler paid him \$500,700; \$250,900 in salary and \$249,800 under a deferred bonus system."

CAR KILLS CHILD — Springfield, Ohio (AP)—Michael E. Johnson, 6, of nearby Selma was killed Friday when struck by a car in front of his home.

Dr. Sam's Defense Costs \$100,000

CLEVELAND (AP)—Dr. Richard Sheppard said today the family had spent "in the neighborhood of \$100,000" to clear the name of his brother, Dr. Sam.

Dr. Richard said the family had reached no decision on the next step it would take now that the Ohio Supreme Court has upheld the conviction of Dr. Sam in the murder of his pregnant wife, Marilyn.

"We certainly intend to do everything we can logically do," Dr. Richard said. "We are continuing our investigation. There are many, many unanswered questions."

Dr. Richard was contacted at the Bay View Hospital where his convicted brother had practiced osteopathy before his imprisonment. Another brother, Stephen, also is an osteopath.

Dr. Richard said the family and the attorneys probably would confer within the next few days.

LAUSCHE GETS VOTES

INDIANAPOLIS (AP)—Ohio Gov. Frank J. Lausche Friday received 2.5 per cent of votes for the presidential nomination in a poll of delegates to the Indiana Democratic convention. The poll, conducted by the Indianapolis News, showed 31 per cent support for Adlai Stevenson.

Washington Hands Cleveland Fourth Straight Loss, 5-3

Lemon's Streak Ended At Six

Poor Infield Support Hurts Tribe Hurler

WASHINGTON (AP)—The Cleveland Indians lost their fourth straight game last night, and almost fell another notch in the American League standings. The Washington Nationals snapped Bob Lemon's six-game winning streak, 5-3, and left the Indians in third place only one percentage point ahead of the Boston Red Sox, who beat Kansas City 5-0. Luckily for the Indians they didn't fall farther behind the leaders, as the New York Yankees and Chicago White Sox also lost.

Lemon, whose last previous loss was to Chicago on opening day, gave up 11 hits before he retired in favor of Ray Narleski in the eighth inning. But the veteran righthander was the victim of poor infield support, mostly by Rudy Regalado, subbing at third base for the injured Al Rosen.

Five of the Nats' hits were singles past Regalado, and he gumbled a grounder that cost a run.

The Indians got off to a 2-0 lead. Al Smith and Vic Wertz singled in the first inning, and Smith scored on a double play ball hit by Regalado. Lemon hit his first homer of the season in the third.

The Nats tied it up in the fifth on a double by Lyle Luttrell, a triple by Lou Berberet and a single by Eddie Yost.

Then in the sixth, after Roy Sievers singled, Regalado fumbled Jim Lemon's double-play grounder. Sievers went to third on a long fly, and scored on an infield out.

A walk, a sacrifice and Jim Lemon's single put the Nats ahead 4-2 in the seventh inning. A single by Berberet and a double by Yost scored another run in the eighth and drove Bob Lemon to the showers.

Bob Wiesler, a 25-year-old southpaw obtained by the Nats from New York, weakened in the ninth, but the Indians could get only one run.

Herb Score is scheduled to pitch for the Indians tonight. Early Wynn was out three days this week with a cold, but is scheduled to pitch one game of Sunday's doubleheader. Score's opponent will be another lefthander, Dean Stone.

Bruton Fined \$50 For Fight With Russ Meyer

MILWAUKEE (AP)—Billy Bruton of the Milwaukee Braves was notified Friday night that he has been fined \$50 for his fight with Russ Meyer of the Cubs in the first inning of the first game at Chicago Memorial Day.

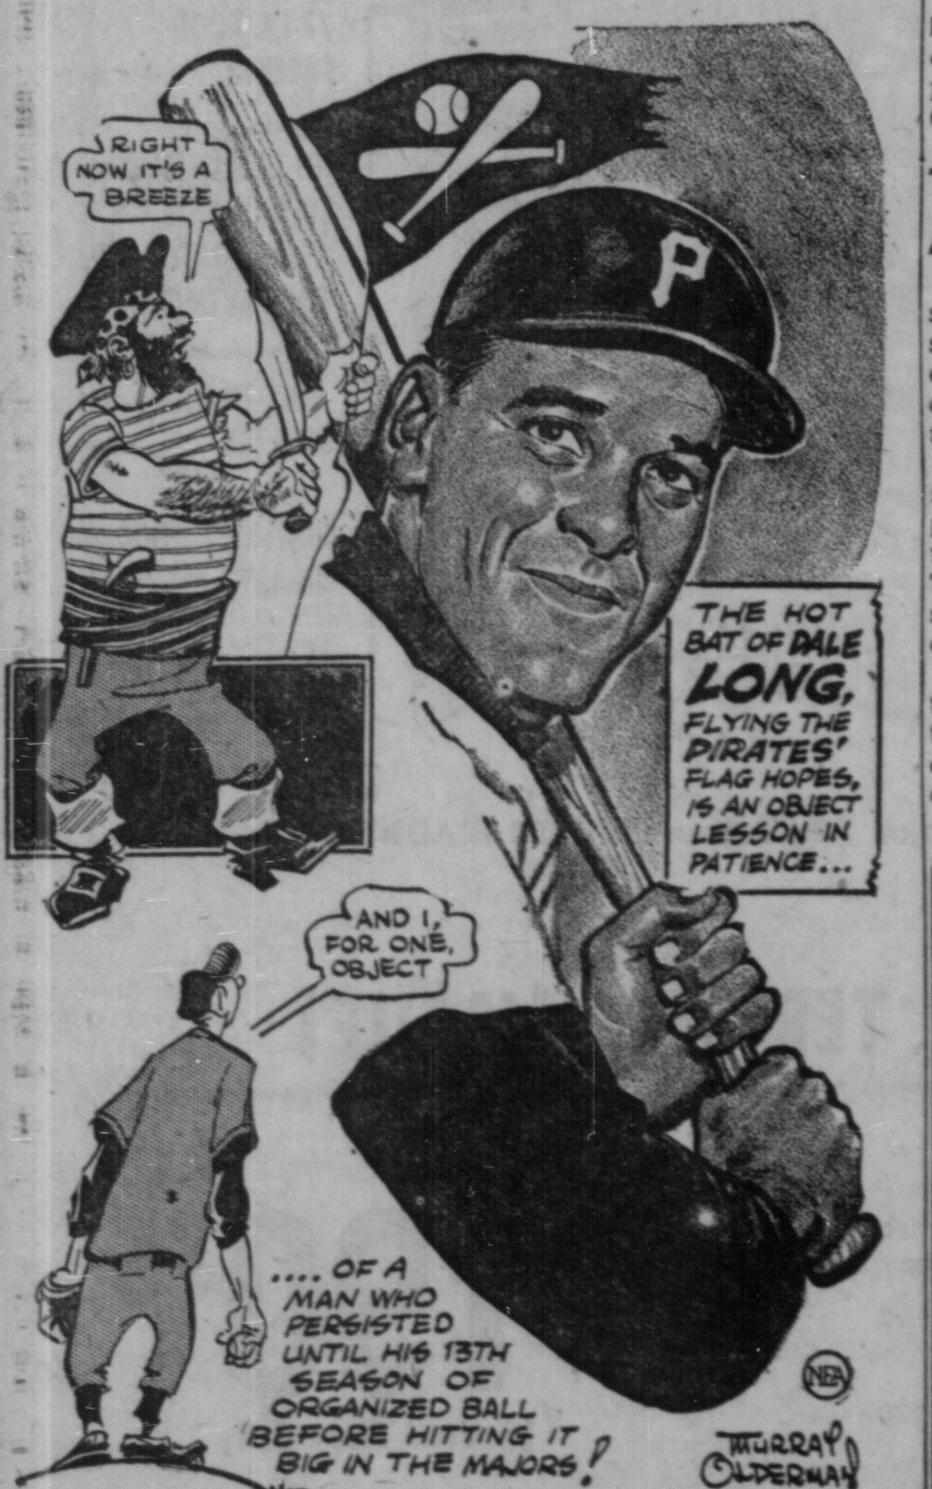

The Milwaukee centerfielder received the notice from Warren Giles, National League president, before the Braves took the field to meet Pittsburgh.

The fight broke out after Bruton was hit by a ball pitched by Meyer and charged the mound. Bruton, Meyer and Milwaukee manager Charlie Grimm would be peace makers — wound up on the ground. Bruton and Meyer were tossed out of the game. They shook hands Friday and said it was forgotten.

Jim Cosgarea

Cosgarea Ends Fine Year At Mt. Union

Splitting the regular catching chores with Al Starr of Steubenville, sophomore Jim Cosgarea proved to be an invaluable member of the 1956 Mount Union College baseball squad that finished with an overall record of 13 wins, two losses, and one tie.

Cosgarea, the son of James Cosgarea of 208 Jennings Avenue of Salem, played in 15 of Mount's 16 games, playing right field when he wasn't behind the plate. The 5-11, 187 pound two-year letterman hit .216 for the season, coming through with hits in the clutch, but his strongest point was his skillful handling of pitchers.

Catching Mount's ace right-hander, Jim Vogelgesang, Cosgarea teamed well with the junior hurler, who won six and lost only one game. Cosgarea recorded the highest individual total of putouts when he was credited with 19 in a 3-0 win over Potomac State, a game in which Vogelgesang struck out 19 batters.

Athletes Of The Year Are Given Awards

NEW YORK (AP)—Howard Hopalong Cassidy, Ohio State's All-America halfback, and Patty Berg, a golf champion for two decades, were honored today as America's "Athletes of the year" for 1955.

Each received the Frederick C. Miller Memorial Trophy, which beginning this year will go annually to the top male and female athletes picked in The Associated Press' year-end poll.

The trophies are put up by the Fraternity Order of Eagles. Presentations were made by Judge Robert C. Cannon of Milwaukee. Cassidy, who plans to play pro football this fall with the Detroit Lions, flew in this morning from Columbus, Ohio. Patty was tied up in a women's tournament at Pittsburgh, leaving her brother, Herman Berg, Jr., of St. Paul, Minn., to accept the award for her.

Cassidy, a player who came through in the clutches, outscored heavyweight champion Rocky Marciano and Brooklyn pitcher Johnny Podres in the poll of sports writers and broadcasters. He received 53 first place votes to 35 for Marciano and 16 for Podres, the World Series pitcher star.

Patty won over Mrs. Babe Didrikson Zaharias, who is seriously ill with cancer; tennis champion Doris Hart and Mrs. Pat McCormick, the world's driving queen.

Tony Conkle Dropped At Baldwin-Wallace

Baldwin-Wallace's hopes for a successful end to their track season this year was slightly deflated last night, when Tony Conkle of East Palestine was dismissed from school.

A transfer from Miami University a year ago, Conkle was dropped for poor class attendance, although he has a passing average. The dean of men of the university said Conkle missed so many classes that action had to be taken.

Conkle was a constant scorer in the shot put, discus, hurdles and the sprints. He was also expected to carry a load in the backfield of B-W's football team next year.

Eljer, Jets, Demings, Bliss Capture City Softball Games

The Eljer Co., the Deming Jets, the Demings and Bliss won city league softball games at Kelly Park last night. Blasting out two triples, a single and four RBI's, Bill Oderizzi gave a helping hand to Henry Miller to give him his second win of the year for Eljer. Miller hurled a fine one-hit game to lead Eljer to the 9-1 victory over Youngstown Kitchens. Guthrie received his third loss.

The Deming Jets also turned in a 9-1 winning score as they swamped Sekely-Lincoln Machine in five innings. Don Fife was the winning hurler, as he pitched a neat three-hit ball game.

Eager Pirates, Half Game Out, Eye First Place

By CHUCK CAPALDO
MILWAUKEE (AP)—The rollicking Pirates of Pittsburgh, in second place a half game behind Milwaukee and enjoying the view, eyed the top of the mast today, but that's not all.

Manager Bobby Bragan thinks his Corsairs can get there and stay there if he can get more hitting at second base and a strong left-handed pitcher for late inning relief.

The Pirates crept to within half a game of the Braves Friday night by taking the opening game of a four game series—4-1, behind homers by rookie Lee Walls and Dale Long and the steady pitching of Bob Friend. Walls opened the scoring with a three-run homer, his fourth of the campaign, and Long smacked his 15th and ninth in 13 games. Friend posted his ninth victory against two losses.

Asked how it felt to be so close to first place, Bragan, a reformed catcher, said: "Those 154 games that loom in the background kind of temper any exuberance you might have. We're like a race horse at the quarter post still in the pack. We hope to draw out ahead at the half post, but we can't let overconfidence set in."

Then Bragan, referring to the weak hitting Curt Roberts at second, said he'd like to get more power in the infield and a southpaw pitcher—through trades.

"If we had those two," he added, "we might go all the way." There have been rumors that the Pirates might be considering a deal for infielder Don Zimmer of Brooklyn, possibly for a pitcher. Zimmer, though not a consistent hitter in the past, does stroke for power.

Bragan credits the Pirates' surge mainly to five players: Long, Walls, Frank Thomas, Friend, whom he rates as the best pitcher in the National League bar none; and Ronnie Kline. But, he said, "everybody has had a hand in it."

Whatever it is the Pirates are a changed club. Last year at this time they were entrenched in last place, 19 games behind.

Back in '48 — the last time the Bucs saw the light of first place — they finished fourth. That was the year the Braves won the pennant.

Dayton Wins 10th Annual AAU Meet

DAYTON, Ohio (AP)—The Dayton Gym Club grabbed team honors, three records were shattered and another equalled here last night in the 10th annual Ohio AAU track meet.

In the featured attraction, Harrison Dillard came home first in the 120-yard high hurdles. The Baldwin-Wallace great, warming up for the Olympic tryouts, raced the event in 14.4.

Two Miami University (Ohio) athletes and Wayne Yarcho, of the Dayton Gym Club, were the record-breakers.

Redskin Dave Wood ran the mile in 4:19.5 to shatter the Ohio AAU mark set in last year's event by Bob Cordon of Ohio State. The old record was 4:22.7.

And Miami's Tirrel Burton spaced the 220-low hurdles in 23.1, a full second off the record set last year by Estates Newberry of Baldwin-Wallace.

Team scores: Dayton Gym Club, 46 4-5, Ohio Track Club 40½, Great Lakes Air Forces 33 3-5, Bowling Green 26, Miami University 19½, University of Louisville 10, Lakewood AC 8, Bluffton College 5, Ohio Wesleyan 5, Wayne University (Mich) 4, Cincinnati Stars 3, Baldwin-Wallace 2, Toledo AC 1 1-5.

He announced he would try now for a total of 1,200, hoping to add 10 pounds in the snatch and 15 in the clean-and-jerk.

The 320-pound 6 foot 2 giant from Toccoa, Ga., made the new record total with 400 pounds in the press, 335 in the snatch (a record) and 440 in the clean-and-jerk (another record).

In the snatch he broke the record of 333 pounds set at the Pan American Games in Mexico City last year by Norbert Shemansky of the Detroit YMCA.

PHILADELPHIA (AP)—Paul Anderson, America's mighty weightlifter, today set himself a new goal after setting three world records.

The 24-year-old Olympic candidate, breaking two of his own marks, amassed a total lift of 1,175 pounds in the national weightlifting tournament sponsored Friday night by the Amateur Athletic Union.

He announced he would try now for a total of 1,200, hoping to add 10 pounds in the snatch and 15 in the clean-and-jerk.

2 More Break 4-Minute Mile

Delaney and Nielsen Join Exclusive Club

COMPTON, Calif. (AP)—The still select sub-four-minute mile club admitted two more members today, Ron Delaney of Ireland and Gunnar Nielsen of Denmark.

The two made the grade Friday night in the Compton Invitational Track and Field Meet, 21-year-old Ron, a student at Villanova University, qualifying first with a stunning, hard won duel to the tape with Nielsen.

Delaney was aimed at 3:59.0 and Nielsen at 3:59.1.

No U.S. miller belongs to the club. The two foreigners qualified for membership on the track where America's best bet, Wes Santee, three times tried to break the fearsome four.

Delaney won athlete-of-the-meet honors, overshadowing such co-favorites as:

The victory of ex-Fordham runner Tom Courtney over Belgium's Roger Moens in the 880-yard race. The achievement of Ira Murchison of the U.S. Army, who got into the meet as an added starter and proceeded to tie the world record in the 100 meters at 10.2.

Another prodigious put of the shot by the world king, Parry O'Brien, at 60 feet 5½ inches which went virtually unnoticed because such throws, including his official record of 60-feet-11, are customary for him.

A pole vault of 15 feet ¼ inch by Bob Richards, and another of the same height by Ron Morris of Southern California, his first at such a dizzy altitude.

Today most of the athletes fly to Stockton, Calif., for a meet tonight.

Jim Lea, another Air Force athlete, won the 220-yard dash in 21.0 and the 440-yard in 46.2.

In the 880, Courtney managed to hold off a belated starter by Moens, coholder of the world 800-meter record, and win in 1.49. But it was the mile run that stood out.

Nielsen was running for the first time since February, he made his own pace for a while and had nothing to kick back with when Delaney drove up and passed him 70 yards from the finish.

Hiestand Captures Trapshoot Title

FINDLAY, Ohio (AP)—Joe Hiestand of Hillsboron has won the singles championship of the Ohio Trapshooting Assn. tournament for the eighth time.

Hiestand Friday broke 199 of 200 birds to win in singles after dropping the class AA championship in a shoot-off with Fred D. Waldock Jr. of Sandusky.

Waldock broke 25 straight birds while Hiestand dropped one and broke 24 targets. Both men broke 200 straight birds for a perfect score on Thursday.

Waldock also captured class AA honors in Friday's shoot with 197 of 200.

Today's action featured a preliminary handicap and doubles championship events. The tournament ends Sunday.

Other class winners Friday include: Class A—Bud Fisher, Findlay, in a shoot-off against Arnold Smith, Hamilton. Fisher scored 25 x25 while Smith had a 24x25.

Class B—John Lilly, 14-year-old Staunton, Mich., youth with 196x 200.

Class C—Bill Harding, Toledo, 190x200.

Class D — Wayne Hoffman, Youngstown, 199x200.

Pitching: Tom Brewer, Red Sox — beat the A's 5-0 with a five-hitter, striking out five for his seventh victory in eight decisions and fifth complete game.

Hitting: Bob Nieman, Orioles — had two singles in four trips to drive in all three runs in a 3-2 decision over the White Sox.

Boardman KO's Frankie Ryff In 9th Round

By JACK HAND

NEW YORK (AP)—Larry Boardman, 20-year-old Marlborough, Conn., lightweight, may be in line for a September title shot at champion Wallace (Bud) Smith as a reward for his knockout over Frankie Ryff.

Sam Silverman, Boston promoter, said he could present a deal by which Smith would be guaranteed \$50,000 to fight Boardman for the title in Boston, Sept. 10, after the New England youngster knocked out Ryff Friday night in 46 seconds of the ninth round at Madison Square Garden.

Silverman's deal is a complicated maneuver involving Ted Hilton, a resort owner from Modus, Conn. It remains to be seen whether Smith will be interested. The champ has an over-the-weight match at Milan, Italy, June 23 with Duilio Loi of Italy, the No. 1 contender.

Tony Petronella, foreign coordinator of the National Boxing Assn., said Friday night in Providence he thought Boardman should box Loi for the right to fight Smith.

Whether or not the curly haired blond lad gets his title shot, he owns the championship of Mr. Ryff who claimed he never before had been knocked off his feet.

A left-right combination to the chin dropped Ryff on his face. He tried to get up at seven, crumpled and fell on his back. The corner crew dragged a stool to mid-ring before helping him to his corner.

After the fight, Dr. Ira McCown of the New York State Athletic Commission ordered Ryff to go to St. Clare's Hospital for "observation." The fighter talked to newsmen and chatted with friends before he left the Garden. In his dressing room he was talking about retiring from the fight game.

3 Tied For Lead In Texas Open

DALLAS (AP)—Youth continued to dominate Dallas' lush golf show today but old campaigner Cary Middlecoff was ready to challenge the boys again, this time for the biggest jackpot — the \$14,000 first money in the \$70,000 Texas International Open.

Gene Littler of Singing Hills, Calif., at 25 one of the game's top winners, and Bill Casper of Chula Vista, Calif., 24 and making his first try for the big money, tied Middlecoff, the Dallas golfing dentist, for first place in the opening round Friday. Each shot an eagle-marked 6-under-par 64.

They were one stroke to the good over another newcomer to the pro circuit, Bill Bisdorf of San Diego, and veterans Jay Hebert of Sanford, Fla., and Roberto De Vicenzo of Mexico City.

Pirates Trip Braves, Move To 2nd Place

By ED WILKS
The Associated Press

Maybe it's time to change signals on Pittsburgh's preposterous Pirates — they're beginning to look like they may be for real. The Pirates in second place, a half-game out of the National League lead on June 2? Maybe they've got the pitching, and maybe they're stronger at short and first with an improved Dick Groat and Dale Long. But where's the outfield power? They're too young. That's the way it was this spring. One or two experts thought the Bucs might get out of the cellar. That was in fact, all new Manager Bobby Bragan would guarantee.

So here it is June 2. And there they are, in second place — a half-game behind Milwaukee and only four games back of the Braves in the "lost" column.

They got up there Friday night, smacking Warren Spahn and the Braves 4-1. A three-run homer by Le Walls, the rookie who has shown the power the club needed in the outfield, and a solo smash

Lee Walls

by Long got the job done in the eighth inning. Bob Friend won his ninth before being removed for a pinch-runner in the big eighth.

The Pirates moved up as the St. Louis Cardinals were tumbled to third by the Philadelphia Phillies 5-2. Cincinnati was held in fourth Brooklyn lost to the Chicago Cubs 4-2 in 15 innings.

Columbiana County Pony League Play To Start Thursday

The Columbiana County Pony League will open its first season Thursday evening with four teams answering the umpire's call. The league is made up of the Tigers and Cardinals of Lisbon and the Pirates and Red Sox of Salineville.

Inaugural games match the two Lisbon nines at the fairgrounds diamond, and the two Salineville teams at Salineville High School field.

Games are scheduled every Monday and Thursday through July 26. A championship series will follow.

All games will begin at 6:15 p.m., and visiting teams will have the field for warm-up from 5:45 to 6:05.

Following is the schedule: June 11: Cardinals-Pirates, Salineville; Red Sox-Tigers, Lisbon. June 14: Tigers-Pirates, Salineville; Red Sox Cardinals, Lisbon. June 18: Cardinals, Salineville; Cardinals-Tigers, Lisbon. June 21: Pirates-Cardinals, Lisbon; Tigers-Red Sox, Salineville.

June 25: Pirates-Tigers, Lisbon; Cardinals - Red Sox, Salineville. June 28: Pirates-Red Sox, Salineville; Tigers - Cardinals, Lisbon. July 2: Cardinals-Pirates, Salineville; Red Sox-Tigers, Lisbon. July 9: Red Sox-Pirates, Salineville; Cardinals-Tigers, Lisbon. July 12: Pirates-Cardinals, Lisbon; Tigers-Red Sox, Salineville. July 16: Pirates-Tigers, Lisbon; Cardinals-Red Sox, Salineville.

July 19: Pirates-Red Sox, Salineville; Tigers-Cardinals, Lisbon. July 23: Cardinals-Pirates, Salineville; Red Sox-Tigers, Lisbon. July 26: Tigers-Pirates, Salineville; Red Sox-Cardinals, Lisbon.

Kennel Club Dog Show Set June 9

The 11th annual Columbiana County Kennel Club Dog Show will be held June 9 from 9 a.m. to 6 p.m. on the grounds of the Elk's Club in Alliance.

An estimated 500-600 entries are expected at the unbench show. The show is in conjunction with the Rubber City Kennel Club show to be presented June 10 at O'Neill's Carport. This will enable owners to secure double points in attaining championship dogs.

Trophies valued at more than \$1,000 will be awarded. Proceeds

from the show will go into the Elk's Club cerebral palsy fund.

Entries from this area will include: Mrs. L. C. Phillips of Merle Ave., bulldog; Clyde Harold of Columbiana, beagles; Mr. and Mrs. Paul Lang of Depot Road, great dandies; Melvin York of Georgetown Road, collies; and Mr. and Mrs. Everett Wingard of Columbiana, Irish setters.

A. Wilson Bow of Detroit will be show superintendent. The judges will be: Hans Oberhammer of New York City, best in show; Alfred Loveridge of Toronto, Canada, working breeds; James Trullinger of New York City, terrier breeds; Mrs. Alfred LePine of Carrollton, sporting breeds; Mrs. Yan Paul of Hamilton, Ontario, Canada, toy breeds; and Gayle Humphrey of Cuyahoga Falls, obedience classes.

Tallahassee Bus Boycott Now Effective

TALLAHASSEE, Fla. (AP)—A Negro boycott of city buses became almost 100 per cent effective today.

With most Tallahassee Negroes either walking or using carpool transportation provided by boycott leaders, efforts continued to gain clarification of the terms under which they will consent to ride the buses again.

The principal question appeared to be what is meant by the Negro demand that bus seating be on a "first come, first served basis."

Executive Editor Malcolm B. Johnson of the Tallahassee Democrat met with a Negro delegation to seek a more specific phrasing of the request but reported no agreement could be reached "on any statement clarifying or explaining the exact meaning of the phrase."

Negroes said when the demand was first announced they didn't want any member of their race

to be forced to stand while a bus had vacant seats.

Attorneys for the Cities Transit Bus Co., the City of Tallahassee and Negro groups also met to clarify issues involved in the boycott but reported no action so far.

No outbreaks of violence have been reported in the six-day-old boycott though students of Florida A & M University for Negroes have been hooting more or less good - naturedly at empty buses traveling through the campus.

The boycott was born on the university campus after two coeds were arrested for refusing to move to the rear of a bus.

Youngstown Man Injured In Crash

A 31-year-old-Youngstown man is in fair condition at East Liverpool City Hospital suffering from injuries received in a one-car mishap on Rt. 7, one-tenth of a mile north of Rt. 30 about five miles north of East Liverpool, at 5:45 a.m. today.

Alex Voina sustained severe shock, a fractured right arm, possible crushed ankle, puncture of the back and lacerations and abrasions of the body.

Voina was a passenger in a car driven by James Cappelli, 19, of Youngstown. According to the State Highway Patrol, Cappelli lost control of his car while rounding a curve at a high rate of speed. The car went off the right side of the road then veered across the highway to the left side of the road and over a 10-foot embankment.

Patrolmen said the auto flew about 45 feet in the air, clearing a four-foot fence, before touching ground and rolling end over end three times. Both occupants of the vehicle were thrown from the car. The driver was uninjured.

The car was completely demolished, patrolmen reported. Cappelli was cited for reckless operation and fined \$35 and costs by Mayor Dean B. Cranmer today.

Storm Sewer To Drain Swamp Area In City

Service Director James Feller today reported the completion of the construction of a storm sewer to drain swamp areas at the corner of Park Ave. and Ridgewood St.

The sewer line extends down Park Ave. to Southeast Blvd. where it connects with a main storm sewer line. Feller said the city plans to fill in the end of Park Ave. as the swamp land is drained.

Feller also said that two catch basins on Brooklyne Ave. have been completed and another is in the process of completion. The basins will aid in draining low areas on the street. They are located at the intersections of E. 3rd St. and Brooklyne Ave. and Cleveland Ave. and Brooklyne Ave. and in the center of the block between the two corners.

The service director said that wet weather is hindering patching of the streets. The service department is using an emulsion mix to relieve the immediate situation but the mix is not a permanent patch.

Molotov

the anti-Tito policy in 1948 and it was significant that he did not make the trip with Bulganin and Khrushchev to Belgrade last year, Shepilov did.

The removal of Molotov—and authorities here have no doubt that it was a removal instead of a voluntary resignation—is therefore construed as a move pleasing to Tito just as the appointment of Shepilov is believed to be. The timing by Khrushchev and Bulganin was presumably deliberate in relation to Tito's arrival.

American officials still feel, as they did a year ago, that while Tito is glad to have normal relations with Russia and its satellites he will not again subordinate the interests of his country to the interests of the Soviet Union.

There have been reports for many months among Western diplomats that Molotov was not very happy with the peaceful coexistence policy—the display of tub-thumping good will—toward Western powers and the neutrals which Bulganin and Khrushchev have developed in numerous public statements and foreign travels.

This led to speculation that in the inner councils of the Soviet regime Molotov has opposed many things that Bulganin and Khrushchev wanted to do.

Since Shepilov's growing prominence in Soviet affairs has taken place chiefly during the post-Stalin period, the assumption here is that he is in accord with the Bulganin-Khrushchev policies. To this extent Soviet diplomacy may become somewhat more efficient. At least the man formally responsible for carrying out the government's decisions will not be antagonistic to them.

Tito

oldsters one by one," a middle-aged woman commented on Moscow's main street.

"It has been expected for a long time," said Ambassador Erik Braadland of Norway.

Communist party chief Nikita Khrushchev said the Soviet Union was "sincerely sorry" for the 1948 expulsion of Yugoslavia from the cominform, the international organization of Communist nations recently dissolved.

Molotov and Stalin signed the 1948 letter expelling Tito for following a policy independent of Moscow communism.

Despite the timing of Molotov's departure from the foreign ministry, there was no indication the old Bolshevik was in disgrace.

The announcement indicated Molotov retained his post as deputy chairman, equivalent to vice premier. And there were reports that he might take over from Marshal Klementi Y. Voroshilov as titular president of the country, in the post of chairman of the Presidium of the Supreme Soviet.

It was utterly impossible to predict, in this seething time of the desanctification of Stalin, whether there would or would not soon be another announcement about Molotov.

Shepilov recently was named an alternate member of the powerful presidium of the Communist Central Committee.

His presence on the mission to Belgrade indicated he had a hand in planning the moves to win back Yugoslavia.

Shepilov also is credited with setting up the deal for sale of Soviet bloc arms to Egypt.

Now 66, Molotov, had been a revolutionary 51 years. He plotted and worked in lower echelon chores in the perilous days of the Tsar, living sometimes in exile and almost always in danger. He paved the way in Moscow for the return of Lenin and the 1917 Bolshevik revolution. Thereafter he climbed quickly up the Communist ladder.

Driver Fined \$55 After Auto-Cruiser Collision
John B. Wise, 29, of RD 3, Salem was fined \$55 and costs today after his car collided with a city police cruiser at 2:45 a.m. today at the intersection of Pershing St. and S. Ellsworth Ave.

According to police, the auto driven by Wise was being pursued for speeding by a police cruiser northbound on S. Ellsworth Ave. when he turned onto E. Pershing St., ramming the side of another cruiser driven by Patrolman William G. Ritchie Sr., 30, of 339 W. 5th St.

Both vehicles received minor damage. No one was injured in the mishap.

In Mayor Dean B. Cranmer's court this morning, Wise was fined \$25 for reckless operation, \$15 for resisting arrest and \$15 for disorderly conduct.

Atlanta Police Probe 5th Robbery-Slaying

ATLANTA (AP)—One of the most thorough police investigations in years was under way today into the brutal slaying of a pretty Atlanta secretary during a \$2,400 downtown payroll robbery — the fifth unsolved robbery-slaying in Atlanta the past 10 months.

Police Lt. J. L. Moseley said all members of the detective, robbery and homicide squads have been assigned to investigate the death of Mrs. Inez Johnson, 30, at the Ingram Mantel and Tile Co.

"I've never seen anything like this investigation in my 18 years on the police force," Moseley said.

Mrs. Johnson, mother of a 10-year-old son, died of multiple skull fractures. She was found crumpled beside her desk where she had been preparing a \$2,400 payroll during the lunch hour Friday.

The killer apparently struck within a 10-minute period, police said. Officials of the company left for an appointment at noon. Ten minutes later Herbert Harcourt, 26, an employee of a steel firm, arrived to pick up a load of material and discovered the body.

Corporation, has given millions to educational, medical and charitable institutions.

He brought the 1928 National convention to Houston by signing a blank check after San Francisco had bid \$200,000.

Critically Ill 10 Days
Jones underwent an operation March 28 for a kidney blockage. He re-entered the hospital May 9 and had been critically ill about 10 days.

The widow, Mrs. Mary Gibbs Jones, had left the hospital shortly before death, going to her hotel apartment a bit earlier than usual because of a throat infection.

At the bedside were a nephew, John T. Jones Jr., president of the Houston Chronicle, and a (step) granddaughter, Mrs. John A. Beck.

Funeral arrangements are pending.

Born in Robertson County, Tennessee, April 5, 1874, Jones' parents died when he was young and he came to Texas in his late teens.

Jones resigned as secretary of Commerce and as head of the RFC in 1945 after a dispute with Henry A. Wallace, vice president during Roosevelt's third term.

In 1917, President Wilson drafted Jones to head the department of military relief of the American Red Cross. President Hoover named him to the RFC board in 1932 and Roosevelt made him chairman of the Board in 1933 and appointed him secretary of Commerce in 1940.

asked that Republican voters not write in his name on their ballots next Tuesday. He telephoned V. John Greubel, Los Angeles County GOP chairman, and cautioned that write-ins might invalidate ballots, under California law.

Kefauver, soliciting votes in northern California, hit hard on the civil rights issue — a prime one in that state.

He said in San Francisco that Stevenson was pictured in the Florida primary campaign as a "moderate" on the racial integration question. But in California, Kefauver said, Stevenson is being put forward as a "civil rights crusader."

Lost Florida Primary
Kefauver, who lost the Florida primary to Stevenson by a slim popular vote margin, said his opponent's "civil rights equivocation has made it all but impossible for the big delegations of New York and Michigan—yes, and a large section of Illinois, now—to support him at the convention."

Stevenson has replied to previous Kefauver attacks along this line by saying he supports the Supreme Court's school integration decision as the law of the land, and that he believes in its implementation by moderate, non forceful means. He also contends his position has been consistent.

Temperature - wise, the current year is about normal, Copeland says.

The wettest year on record was 1898 with 51.10 inches, 14 inches over the 64-year average.

The average rainfall for the first five months are 14.82 inches and so far 1956 is ahead 7.53 inches.
